

Show Me The Way

Storm

Every night I have this same dream, now I have you here by me
I can't let you go, I need for you to stay, so listen to me baby

You're all that I want, all that I need, just take my hand

Show me the way to your heart, I'm lost here without you
I know that we could make a new start, and you know what to do
Show me the way

Say the words I want to hear, I'm not the same without you near
I can't let you go, there's nowhere else to turn and I'm counting on you baby
I'm down on my knees, begging you please, what can I say?

Show me the way to your heart, I'm lost here without you
I know that we could make a new start, and you know what to do
Show me the way

Say what you feel, mean what you say, I wouldn't have it any other way
Say what I want to hear, you know what it is, tell me baby, is it really love?
Oh take me there

Show me the way to your heart, I'm lost here without you
I know that we could make a new start, and you know what to do
Show me the way

Show me the way, just say the word, show me baby, show me the way
Take me all the way, just say the word, oh yeah, just show me baby.
