

## Remember the Oathe

Stormwarrior

Borne to roame in the lands of ice  
Rais'd to plunder the foreign isles  
The brotherhoode of the Anciente One  
Surviv'd a thousande souls  
We've seen the abyss, embrac'd the darke  
No demon lords tear us apart  
We've met their swordes and devour'd their heartes  
Oh the foes were all dethron'd

Ironborne  
Proven in fighte  
Untamable kinde  
Sons from up highe

Oh oh,  
Warrior, greate warrior, son of Asa lande  
Hear the voice of the elder ones, the fallen ones  
Remember the oathe  
Oh oh oh,  
Warrior,greate warrior, son of heathen lande  
Lighte the torches of elder thrones  
Let the horns atone  
Remember the oathe

Reade the bloodtracks oh in the snow  
Blaze the traile to the days of yore  
The ice shalle cracke withe a hammerblow  
Know'st thou the elder home  
Now sweare allegiance to the Wanderer  
Finde the pathe to sacred lore  
Thy will, Valfather is drawing near  
And we claime the iron throne

Ironborne  
Proven in fighte  
Untamable kinde  
Sons from up highe

Oh oh,
