

## Sacred Blade

Stormwarrior

Hallowed in the fires of the gods  
We are the chosen warriors

Thunder is rising in my bloode  
Sounds of war are blown afar

And still we praise the raging metal age ...

Ancient steele, blazing fyre  
Feel the sacred blade  
The iron gods ligh up the dark  
Ancient steele, sons of fyre  
Feel the sacred blade  
And i bear a pounding metal heart ...

Tunes of the past still guide my way  
Chorales of yore, the life in my veins

The masters call and still we praise the raging metal age ...

Ancient steele, blazing fyre  
Feel the sacred blade  
The iron gods ligh up the dark  
Ancient steele, sons of fyre  
Feel the sacred blade  
And i bear a pounding metal heart ...

And still we praise the raging metal age ...

Ancient steele, blazing fyre  
Feel the sacred blade  
The iron gods ligh up the dark  
Ancient steele, sons of fyre  
Feel the sacred blade  
And i bear a pounding metal heart ...

Ancient steele, blazing fyre  
The iron gods ligh up the dark  
Ancient steele, sons of fyre  
And i bear a pounding metal heart ...

Ancient steele, sacred warrior, sons of fyre ...
