

Signe Of The Warlorde

Stormwarrior

Thunder roars, lightning strikes
A clash of steel shakes the ground
Warcries, hordes collide
The raging battle, a mighty and glorious sound

Deatheblows, fatal defiance
Free our clans from the siege
Fighte for the stronge alliance
Defend the ancient belive

Rise, stand the tyranny, pledge allegiance to this war
...beware the return of our gods

In the sign of the warlord we will ride
Delivering the faith in honnor and pride
Hail to Odin, the farher of gods
Glory to thee, in the sign of the warlord

Eyes of wrath, hearts of vengeance
Descendants of the forefather's age
March for deliverance
Assailing withe furios rage

In the sign of the warlord we will ride
Delivering the faith in honnor and pride
Hail to Odin, the farher of gods
Glory to thee, in the sign of the warlord
