

## Nothing More

Stormwitch

The day destroyed the  
Night of blessedness  
And now I have to face the truth  
Our world it was a mighty fortress  
And traditions killed the dreams of youth  
Now for sure we will climb  
Beyond the walls of time  
I will give you the water  
That tastes sweet like wine

So after all is life illusion  
When all is lost then hope is gone  
I'm all alone I'm in confusion  
I know now that all the others won  
What will I find beyond  
Beyond the walls of time  
Soul to soul heart to heart  
Together we will climb

She is gone  
And for me there's only darkness  
Here in the shadow of the death it is hard  
To say the final word  
I will only say then

Nothing more

Since long ago we shared this feeling  
I think since our childhood days  
What happened than wasn't our meaning  
We sinned and so we felt from grace  
Also fate was against us  
We missed the perfect time  
Now I've found the words  
That make my poem rhyme

She is gone...

I don't care that we had only hours  
It is worth the end that I have to face  
I don't want to cry about  
All the lost nights and lost days  
We will live forever on
