

# Until the War Will End

Stormwitch

From the gate of the kings where the loud horn calls  
The north wind rides and falls  
What news from the north can you bring today  
Who went that long and stony way

Move on - bring the message to my friend  
Move on - until the war will end

Over fen and field where the long grass grows  
The west wind comes and goes  
What news from the west do you bring tonight  
Have you seen the glorious fight

Move on - bring the message to my friend  
Move on - until the war will end

From the endless sea where the goddess lives  
The south wind moans and grieves  
What from the south can you tell to me  
How many passed the flowing sea

Move on - bring the message to my friend  
Move on - until the war will end
