

Choose Your Fate

Story of the Year

Have you ever given any thought to the fate of your children?
We've made good progress...
Slowly but surely achieving our objective...

Liar - slipped from the tongue
Like the breath of a prophet -
Cloaked in blood kissed with a bomb from the heart of flawless number one

In a home that's broken and silent
The truth will not be heard
In the forceful roar of a tyrant
Freedom is a loaded word

Compliance - this morbid code
Leaves the carcass a feast for -
The corrupt where power is love blind allegiance warmly smiled upon

In a place where thought is abandoned
Freedom can become a curse

Beggars, choose your fate
The reaction, the reaction is awake
So choose your fate
The reaction, the reaction is awake

Cuz when the meaning fails to be objectified lies will carry through
Until you see them staring from the other side -
Back at you
Back at you

YOU!!!
YOU!!!!!!

Now they will try to sell you for all - you're - worth

Yeah
When the meaning fails to be objectified their lies -
(To be objectified)
Will stare back at you from the other side - at you
(From the other side)

Beggars, choose your fate
The reaction, the reaction is awake
So choose your fate
The reaction, the reaction is awake
Yeah!
Awake!
Yeah!
Awake!

Choose your, own fate!
Already!
The reaction is awake!

YEAH!!!!!!!!!!!!

LIAR!!!

LIAR!!!
LIAR!!!
LIAR!!!
