

Eye for an Eye

Story of the Year

In my eyes
Watch the world ignite
Watch as we give everything to just be alive
With the fire in our hearts
We'll stand and fight
For the dream inside
Take it back for inspired minds
Loss in the decline
It's more than words to me
This is our life

Eye for an eye bring your heart to the fight
Cause we'll take the whole world down with us tonight
Eye for an eye leave your weakness behind
Burn down the lies
Eye for an eye

'Til we die
Let the hearts unite
Not for fashion, passing trends
Or a sense of pride
Just a love and passion that we hold inside
Now the world is mine
Hold it down for the P.A.C. 'til the day I die
Cause this is more than blood we bleed
This is our life

Eye for an eye and bring your heart to the fight
Cause we'll take the whole world down with us tonight
Eye for an eye leave your weakness behind
Burn down the lies
Eye for an eye

Eye for an eye
Eye for an eye
