

Five Against the World

Story of the Year

I never thought I'd see the day
That we honestly could say
We stand five against the world
And the doors
are open
Through all those years
I would've died to be right here
I never thought of backing down
With one chance to make a sound

So we'll take our chance right now

These are the days we will remember
These are the days we will remember
And these are the days we won't forget
These are the days we won't forget
These are the times we've shared
These are the promises we've made
These are the days

Revolution dead and gone
Still integrity holds strong
We stand five against the odds
And rise through it all
Relentless form and dedication carried on
We stand tall and won't back down
With one chance to make a sound
So we'll take our chance right now

These are the days we will remember
These are the days we will remember
And these are the days we won't forget
These are the days we won't forget
These are the times we've shared
These are the promises we've made
These are the days
That we won't forget

Yah we carry on convictions
Learning as we go
Living out the only life we know

These are the days we will remember
These are the days we will remember
And these are the days we won't forget
These are the days we won't forget
These are the times we've shared
These are the promises we've made
These are the days

WE WON'T FORGET
WE WON'T FORGET
