

Just Don't Know

Stradlin Izzy

Tried to tell ya one time but your,
head was in the clouds
No idea, was coming down
Looking for the answer instead of,
looking out of bounds
All I'm saying, just don't know, 'bout you
All I'm saying, just don't know
Wake up in the morning wondering,
how'd you end up here
Negotiate your own way clear
Looking for the answer instead of,
looking in your mirror
All I'm saying, just don't know, 'bout you
All I'm saying, just don't know
Maybe you're right man then again
Que sera sera mi friend
All I'm saying, just don't know, 'bout you
All I'm saying, just don't know
All I'm saying, just don't know, 'bout you
All I'm saying, just don't know
