

Underground

Stradlin Izzy

Tried living in the underground
Creep around, don't make a sound
You see the light and the hope grows
Throw you a line but your rope broke
La la la la la la
La la la la la la
La la la la la la
La la la la la la
Tried a living like an insane
Incarcerated in your own brain
Tried living in the underground
Creapin' around don't make a sound
