Way To Go

Stradlin Izzy

Where'd ya go, where ta run
Oh the shit got heavy, ya gotta turn it on&

Whaddya know, you don't say
Oh the ship got heavy, you got and ran away

It's all right for now
Now is all that I've found

How'd ya do, what ya done
Oh the ship got heavy, ya gotta turn it on&

Get off a my back, leave it be
Oh the wind is steady I'm gonna take a leave&

It's all right for now
And now is all that I've found
It's all right now
And now is all that I've found
