

## Bar Room Brawl

## Straight Line Stitch

There's nothing to defend  
Nothing left but regret  
It's the beginning of the end

What's it all been for?  
I can't take it anymore  
You take all we give  
And now it's time to burn the bridge  
We've been set up for fall  
Now they've come to kill us all  
The time has come  
The time has come

In this world all we've done is hold each other back  
To be the one that's the leader of the pack  
Blood on your hands but it's all the same  
It's the warm up before the game  
Tell me how it's supposed to be  
I've done to you what you've done to me  
So many fatalities so many broken dreams  
So many unheard screams it's beyond extreme

By the time you reach out - no one can save you now  
And see the truth - no one can save you now  
It'll be no use - no one can save you now  
It's overdue - no one can save you now

What's it all been for?  
I can't take it anymore  
You take all we give  
And now it's time to burn the bridge  
We've been set up for fall  
Now they've come to kill us all  
The time has come

You hate me and you hate yourself  
Don't lie cause it's bad for your health  
All the wrongs that you can't put to rights  
How do you sleep at night  
No time to wonder no one will save you  
No man to take us under you'll see the truth

You'll see the truth

We can't fall under we must transcend  
It's the beginning of the end  
It's the beginning of the end

By the time you reach out - no one can save you now  
And see the truth - no one can save you now  
It'll be no use - no one can save you now  
It's overdue - no one can save you now
