

# Danger In Your Eyes

Strangeways

I couldn't do that, could you do that?  
How can they do that?  
Who are those guys?

You're the one with the bad reputation  
I'm the one on the streets tonight  
You're the one who needs some satisfaction  
I'm the one with the chains on tight

All alone as the lights go down  
Swaying to the music of the underground  
I turn around and I catch my breath  
Danger's looking at me in a little red dress

As we dance to the beat  
Crazy from the heat  
I know, I know  
I can see it in your smile  
Such a sweet disguise  
I know, there's danger in your eyes tonight

That's right

Everybody's waiting for your reaction  
Everyone's got their eyes on you  
I'm the one with the fatal attraction  
I guess I need some reaction too

All alone as the lights go down  
Swaying to the music of the underground  
I hold you close and I catch my breath  
Dancing with danger in a little red dress

As we dance to the beat  
Crazy from the heat  
I know, I know  
I can see it in your smile  
Such a sweet disguise  
I know, I know  
As we dance to the beat  
Tell me what it's all about  
Oh yeah  
'Cause I'm losing control  
Fire in the hole  
Watch out (Watch Out)  
There's danger in your eyes tonight  
Danger

As we dance to the beat  
Crazy from the heat  
I know, I know  
I can see it in your smile  
Such a sweet disguise  
I know, there's danger in your eyes  
As we dance to the beat  
Tell me what it's all about  
Oh yeah

'Cause I'm loosing control  
Fire in the hole  
Watch out (Watch Out)  
There's danger in your eyes tonight  
Danger in your eyes tonight

Danger in your eyes

In your eyes
