

Love Lies Dying

Strangeways

I know that I've been here before
And as I lie awake the darkness closes in
I see your face and I feel the fire
As it burns inside my soul
I live again
I've been down
before
but I wouldn't let you know
When your heart is weak and my love lies dying
I'll be the one who's by your side
before the night is over
Losing this burn in my own pride
I die before I let you down
Tonight
You know I try to make it right
when your heart
is weak
and my love lies dying
You knew that I wouldn't walk away
If I was half the man I used to be I could
Ohhh
I know that's all, just another lie yeah
And you know I still keep coming back,
coming back to you
I've been down
before
and I wouldn't let you know
When your heart
is weak
and my love lies dying
I'd be the one who's by your side
before the night is over
Losing this burn in my own pride
I die before I let you down
Tonight
You know I try to make it right
when your heart is weak
and my love lies dying
Tonight
Yeahh
And my love lies dying
I'd be the one who's by your side
before the night is over
Losing this burn in my own pride
I die before I let you down
I'd be the one who's by your side
before the night is over
Losing this burn in my own pride
I die before I let you down
And my love lies dying
love lies dying
I'd be the one
I'd be the one
before the night is over
