

# Talk To Me

Strangeways

Young blood I've watched you change  
You've been away too long  
You've got to try to understand, yeah  
Everybody's watching you  
They're just waiting for the fall, oh  
Somebody's watching you  
Is your back against the wall

I know you're holding on 'til you find someone  
Why don't you talk to me  
'Cause when the fighting's over, I won't let you down, no  
When you're on your own and you need someone  
You can talk to me  
But when the night is over, don't let me down  
Don't let me down

Young blood you'll never know how hard this world can be  
You've got to try to make a stand, yeah  
Everybody's watching you  
Will you make it on your own  
Somebody's watching you  
Telling you, you're not alone

I know you're holding on 'til you find someone  
Why don't you talk to me  
'Cause when the fighting's over, I won't let you down, I won't  
When you're on your own and you need someone  
You can talk to me  
But when the night is over, don't let me down  
Don't let me down

Somebody's watching you

I know you're holding on 'til you find someone  
Why don't you talk to me  
'Cause when the fighting's over, I won't let you down, oh no  
When you're on your own and you need someone  
You can talk to me  
But when this night is over, don't let me down  
Don't let me down

I know you're holding on 'til you find someone  
Why don't you talk to me  
'Cause when the fighting's over, I won't let you down, I won't  
When you're on your own and you need someone  
You can talk to me  
But when this night is over, don't let me down  
Don't let me down
