

# It Only Takes Two to Tango

The Stranglers

It only takes two to tango  
It only takes two to start the dance  
You gotta begin with circumstance  
It takes two to tango  
It only takes two

It only takes two to tango  
It only takes two to start the war  
You gotta make do or you gonna get more  
It takes two to tango  
It only takes two

It only took two in ancient history  
To get to the top of the monkey tree  
Better wait and see  
Better wait and see  
Better wait and see

It only takes two to tango  
It only takes two to start the dance  
You gotta make do could be your only chance  
It takes two to tango  
It only takes two

It only took two in ancient history  
To get to the top of the monkey tree  
Better wait and see  
Better wait and see  
Better wait and see

Better wait and see  
Better wait and see  
Better wait and see  
Better wait and see
