

## Tonight

## The Strangers

Tonight let's drink enough  
To see the god and laugh  
Let's get shit faced and talk rubbish  
Let's get drunk and silly  
Tonight we're gonna understand  
Those tricks the gods they play on man  
Let's fix those problems between religions  
And between fathers and their sons

For tonight we're gonna get lost  
For tonight we're gonna get lost

I used to dream a lot  
Stay up all night and smoking pot  
But now life is serious business  
I have a family and a mistress

So tonight we're gonna get lost  
So tonight we're gonna get lost

Lost in each other's bodies  
Lost in each other's sorrow  
Maybe there'll be no tomorrow  
Who cares

Tonight let's drink enough  
To see the god and laugh  
Let's get shit faced and talk rubbish  
Let's get drunk and silly

For tonight we're gonna get lost  
For tonight we're gonna get lost  
So tonight we're gonna get lost  
Tonight
