

Wearing And Tearing

Strata

Come take me away I'm drowning through this flood
wearing and tearing, pulling on me,
wearing and tearing pulling on me
i can't bear
i'm on the cross and
spreading my arms for you
it's so forever it hurts
it's so forever it's
wearing and tearing, pulling on me,
wearing and tearing pulling on me
wish i could stay forever
wish i could stay for more
but i've got to go sometime
coming through
breaking through tonight
wait until tonight
