

## Find Your Own Voice

Stratovarius

No Christ, God nor religion  
Gave me the answers I was looking for  
Arrogant hypocrites  
Selling the key to Heaven's door

I've got my own way  
I don't care what you say  
You speak your truth  
And I speak mine

Find your own voice  
Unleash the power within  
Go find your own truth  
And let others be

Let your own light guide  
Your way through life  
Find your own way  
Make your own paradise

Find your own voice  
It's your own choice

Find your own voice  
Unleash the power within  
Go find your own truth  
And let others be

Let your own light guide  
Your way through life  
Find your own way  
Make your own paradise

Find your own voice  
It's your own choice  
Find your own voice  
It's your own choice
