Shattered

Stratovarius

I worked so hard to get my aim Pulled out wrong card, is this my last game. Too fast too soon, you know it takes time Hasty deeds spoiled the chances of mine

I'm burning inside, outside seems allright Try not to think about it much It's hard to say, when I will play again

Shattered My hands are shattered Shattered My life is shattered

I'm dressed to kill and ready to score 3rd pain pill and there's pain no more I can't break out, out of these walls Walls that sometimes the skull is called

I'm burning inside, outside seems allright Try not to think about it much It's hard to say, when I will play again

Shattered My hands are shattered Shattered My life is shattered
