

## Unwind With The Clock

### Strawberry Alarm Clock

Now we'll say goodbye to you  
The clock says we must go  
It's been great fun to be with you  
And we all want you all to know

That without your love and lots of luck  
We'd not be here today  
It's over now but we'll be back  
And just for now we'll say  
So long  
So long
