

Always On My Mind

Strawbs

When we met for the first time
I didn't even like your name
Then we met once again and
I wondered if I'd been insane.

Now I find you're always on my mind
Now I find you're always on my mind.

Never thought love could hit me
The way it does when I'm with you
Never dreamed I'd feel this way
Loving you the way I do.

Now I find you're always on my mind
Now I find you're always on my mind.

Now it seems I've always known you always on my mind
Couldn't stand to live without you
These days you're always on my mind.

When we met for the first time
I thought that love was just a game
Then I fell for you and then
You told me that you felt the same.

Now I find you're always on my mind
Now I find you're always on my mind.
