## **Always On My Mind**

## **Strawbs**

When we met for the first time I didn't even like your name Then we met once again and I wondered if I'd been insane.

Now I find you're always on my mind Now I find you're always on my mind.

Never thought love could hit me The way it does when I'm with you Never dreamed I'd feel this way Loving you the way I do.

Now I find you're always on my mind Now I find you're always on my mind.

Now it seems I've always known you always on my mind Couldn't stand to live without you These days you're always on my mind.

When we met for the first time I thought that love was just a game Then I fell for you and then You told me that you felt the same.

Now I find you're always on my mind Now I find you're always on my mind.
