

Carry Me Home

Strawbs

In my life there's been a few loves
But never such a true love as you gave
Carry me home
In a world of false emotions
You showed me such a true devotion
Carry me home.

I don't want to lose my mind
Without it life would seem too kind
So when the world finds out about us
Don't leave me here to live without you
Carry me home.

As a child I'd watch the night sky
Sit up waiting for the morning light
To carry me home
As a man I've seen the dawning
Of a love so great my heart is calling
Carry me home.
