## **The White Flag**

## Stray from the Path

I can't complain I left the world. Every sign is proving it. I'm killing it, we're killing it. We're always, Oh yeah.

I can't complain I left the world, You could complain I turned my back on you.

Am I leaving this, Is this the end of it? Yeah. Am I leaving this, Is this the end of it? I'm through.

I'm gone.
I'm staying gone.
I'm staying gone.
I'm staying gone.
I'm staying gone.
