

# Pain

## Stream of Passion

Pain (Stream Of Passion Version)

I am pain

I am real. I'm not a dream

I'm the chain around your neck as you scream

Surrender now

You can't beat death at his ruthless game

Make your bow

Hang your head in shame

I can't believe there is no way out...

You'll find you are wrong

You fill me with doubt...

You were never that strong

I am pain

I am the wound that never heals

It's all in vain

No compromise, no deals...

I can't believe this is the end

It's written in stone

Where are my friends?

You have always been alone!

We lead

We hide as the pain leaves the rage inside

Motion personified alpha

Being here, welcomed by... a sane mind

A travelled lie

I am pain

I am the end, I am your wraith

Nothing remains

I'm the loss of hope and faith

I can't believe this is the end

It's written in stone

Where are my friends?

You have always been alone!

We lead, we hide as the pain leaves the rage inside

(Motion personified alpha)

Being here, welcomed by... a sane mind

A travelled lie

All the time, I had waited with

rage

(Motion personified alpha)

All the time, I was promised my

salvation

I can't accept this, we will find a way

Out of this cesspool of doom and dismay

Beyond this dejection there's beauty and grace

A glorious future we long to embrace

All the time, I had waited with

rage

(Motion personified alpha)

All the time, I was promised my

salvation

All the time, I had waited with

rage

(Motion personified alpha)

All the time, I was promised my

salvation
