There Is Power in a Union

Street Dogs

[Originally by Billy Bragg]

There is power in a democracy, power in the land Power in the hands of a worker But it all amounts to nothing if together we don't stand There is a power in a Union

Now the lessons of the past were all learned with workers' bloo d The mistakes of the bosses we must pay for From the cities to the farmlands in the trenches full of mud Cuz war has always been the bosses' way sir

The Union forever defending our rights Let's fight the Right Wing, all workers unite With our brothers and our sisters from many far off lands There is power in a Union

Now I long for the time that they realize Brutality and unjust laws cannot defeat us But who'll defend the workers who cannot organize When the GOP send their attorneys out to cheat us?

Money speaks for money, the Devil for his own Who'll come speak for the skin and the bone? What a comfort to widow, a light for the child There is power in a Union

The Union forever defending our rights Let's fight the Right Wing, all workers unite With our brothers and our sisters from many far off lands There is power in a Union

With social justice and equality For every man and woman who wants it There is power in a Union
