

Everythang

Street Sweeper Social Club

It's time to work

Everybody throw your lighters up
Tell me y'all fin' to fight or what?
Everybody get your shit started
This is y'all motherfuckin party
(2x)

Every death is an abrupt one, every cop is a corrupt one
If you ain't got no cash up in the trust fund
Every cat with a gat wanna bust one
Every guest want a +1
Every tenement's a penitent, so every tried man is innocent
Time served should be the sentence spent
Everybody wanna hit a lick
Every one a y'all is gettin pimped
Every time I spit I'm fin' to rip, every cancer is a homicide
Every boss better run and hide
Every human is some kin to black, every Visa got a pin to crack
Every verse is from the cardiac
Every search is involuntary, every inmate want commissary
Every bank note is promissory
Every broke motherfucker fin' to form a gang
And when we come we takin everythang!
Everythang! And when we come we takin everythang! (2x)

Everybody throw your lighters up
Tell me y'all fin' to fight or what?
Everybody get your shit started
This is y'all motherfuckin party

Every mack want a cadillac, every mark want they scrilla back
Every knock want a hit of crack
In the park or a Pontiac, where every little cent is to the rent
And every roach is a resident
Every truth ain't evident
Every slave story present tense
Every uprising a consequence, every time it be somethin sweet
Every banker is a fuckin thief
Everybody better holla with me
Every fiend need a dollar fifty
Every crime that I did was petty, every criminal is rich already
Every landlord got a complex
Every single is a bomb threat, every sellout mayor hates my verse
Every broke motherfucker fin' to form a gang
And when we come we takin everythang!
Everythang! And when we come we takin everythang! (2x)
(Right here on the one, go like this)

Everybody throw your lighters up
Tell me y'all fin' to fight or what?
Everybody get your shit started
This is y'all motherfuckin party

Everythang! And when we come we takin everythang! (2x)
