A Time For Love

Barbra Streisand

A time for summer skies For hummingbirds and butterflies For tender words that harmonize with love

A time for climbing hills For leaning out of windowsills Admiring daffodils above

A time for holding hands together A time for rainbow coloured weather A time of make believe that we've been dreaming of

As time goes drifting by
The willow bends and so do I
But all my friends whatever skies above
I know a time for spring
A time for fall
But best of all
A time for love

As time goes drifting by
The willow bends and so do I
But all my friends whatever skies above
I know a time for spring
A time for fall
But best of all
A time for love
