

# Heart Don't Change My Mind

Barbra Streisand

We said we'd try again  
But trying's not enough  
Actin' like strangers ain't no way of makin' love  
It's never gonna work  
It's time we stopped pretending  
Time to turn the page  
All stories need an ending  
It makes no sense to stay  
Living my life in yesterday  
I'm leaving.....  
I'm leaving .....  
And I'm begging you.....  
Heart don't change my mind  
Oh heart be strong this time  
And try to help me tell him good-bye  
It'll only bring pain for us to stay  
Oh, heart it's hard for you I know  
Let me let him go....

Don't let me think about how good it was before  
I know you'd try anything to keep me from that door  
It's hard to leave him when you've loved him for so long now  
How can I walk away if he's still holding on now  
I found the strength today  
Look at me I can finally say  
It's over..  
It's over.....  
So I'm begging you

Heart don't change my mind  
Oh heart be strong this time  
And try to help me tell him good-bye  
It'll only bring pain for us to stay  
Oh, heart it's hard for you I know  
Let me let him go....

It makes no sense to stay  
Sad that it has to end this way  
It's over, It's over....

Heart don't change my mind  
Oh heart be strong this time  
And try to help me tell him good-bye  
It'll only bring pain for us to stay  
Oh, heart it's hard for you I know  
Let me let him go....
