

# I Never Had It So Good

Barbra Streisand

I never had much money  
I never won a race  
My jokes don't end that funny  
And I had door slammed on my face  
But I think you've charmed me  
I always hoped that someone would  
I never had a love like this before  
No...I never had it so good  
I'm not the type that's trusted  
Always tripping over logs  
And often I've been busted  
And chased by friendly dogs  
But I think you've charmed me  
I always hoped that someone would  
I never had a love like this before  
No...I never had it so good  
Hmm...Hmm...Hmm...  
But I think you've charmed me  
I always hoped that someone would  
I never had a love like this before  
No...I never had it so good
