

I Never Had It So Good

Barbra Streisand

I never had much money
I never won a race
My jokes don't end that funny
And I had door slammed on my face
But I think you've charmed me
I always hoped that someone would
I never had a love like this before
No...I never had it so good
I'm not the type that's trusted
Always tripping over logs
And often I've been busted
And chased by friendly dogs
But I think you've charmed me
I always hoped that someone would
I never had a love like this before
No...I never had it so good
Hmm...Hmm...Hmm...
But I think you've charmed me
I always hoped that someone would
I never had a love like this before
No...I never had it so good
