Barbra Streisand

I'm a mine of information I'm a stranger to the cause I been watchin' you watchin' me babe But the words I had are lost Just wanna go down to be found Wanna rise up in your flat I wanna be everything you need babe And I'm begging you to say in my heart A room with a view There's only a fool there I will never give up, never give up, never give up I will never give up, never give up, never give up I will follow you home How can you turn me away Did you ever get hungry or thirsty With a dream to satisfy You don't wanna be safe from being lonely But you're throat is kinda dry Did you ever get senseless or defenseless An exception to the rule Ain't nobody pushin' you but you're rushin' in And I'm beggin' you to stay in my heart Whatever it takes to make you belong there I will never give up, never give up, never give up I will never give up, never give up, never give up Love knows no other way Being together and hearing you say you'll be mine You're my world And I'll be forever yours Did you ever get hungry or thirsty With a dream to satisfy You don't wanna be safe from bein' lonely But you're throat is kinda dry Did you ever get senseless or defenseless An exception to the rule Ain't nobody pushin you but you're rushin' in And I'm beggin' you to stay in my heart A room with a view There's only a fool there I will never give up, never give up, never give up I will never give up, never give up, never give up I will follow you home How can you turn me away I will never give up, never give up, never give up I will never give up, never give up, never give up I will follow you home How can you turn me away
