

Never Will I Marry

Barbra Streisand

Never, never will I marry
Never, never will I wed
Born to wander solitary
Wide my world narrow my bed
Never, never will I marry
Born to wander till I'm dead
No burdens to bear, no conscious, no care
No memories to mourn, no turning on
For I was born to wander solitary
Wide my world narrow my bed
Never, never will I marry
Born to wander till I'm dead.
