

Run Wild

Barbra Streisand

I wandered into your wonderland
With eyes open wide
You turned me into your yesterday
But you will remain inside of me
Like I care for you
Oh...I care for you
Run wild
Out on the edge of time
Child
Carry your dreams away
Love
No one can hold you now
For you are an island
I may be broken but understand
My love will get by
There will be others along the way
My love
They will try to care for me
Like I care for you
Oh...I care for you
Run wild
Out on the edge of time
Child
Carry your dreams away
Love
No one can hold you now
For you are an island
Run wild
Out on the edge of time
Child
Carry your dreams away
No one can hold you now
For you are an island
(Run wild
Out on the edge of time)
Child
Carry your dreams away
Love
No one can hold you now
For you are an island...
