

## Summer Me, Winter Me

Barbra Streisand

Summer me, winter me  
And with your kisses morning me, evening me  
And as the world sleeps far away, star away  
Forever me with love  
Wonder me, wander me  
Then by a fire pleasure me, peaceful me  
And in the silence quietly, whisper me  
Forever me with love, forever me with love  
And every day I'll gentle you, tender you  
And oh, the way I'll velvet you, clover you  
I'll wrap you up and ribbon you, rainbow you  
And shower you with shine  
Suddenly, magically  
We found each other there we are, here we are  
I plan to let you happy me, summer me, winter me  
Always be mine  
'Cause suddenly, magically  
We found each other there we are, here we are  
I plan to let you happy me, summer me, winter me  
Always be mine
