

# Superman

Barbra Streisand

Baby I can fly like a bird  
When you touch me with your eyes  
Flying through the sky  
I've never felt the same  
But I am not a bird  
And I am not a plane  
I'm Superman  
When you love me it's easy  
I can do most anything  
Watch me turn around  
One wing up and one wing down  
I never thought I would  
Fall in love for good

I'm Superman  
When you love me its easy  
My sweet life has just begun  
I'm in love each time, I know I'll have it,  
Fell into my life so I grabbed it,  
There's nothing I can't do  
When I'm with you

I'm Superman  
Cause I knew it's easy  
My sweet life has just begun  
I'm in love each time and I know I'll have it  
Fell into my life so I grabbed it  
There's nothing I can't do  
Cause I'm with you  
I'm Superman.
