

# The Same Hello, The Same Goodbye

Barbra Streisand

The same hello, a smile and then we knew at once  
That here we are involved again  
The same hello and all the things we said  
We couldn't bare again are there again

The glow is there, can we pretend  
That once again we have a million dreams to spend?  
We let it go, it slipped away  
How silently two hearts can start to fall apart?

I can't deny I've tried another's arms  
And maybe you have too  
But even lost inside another's arms  
I knew it wasn't you

No fond farewell, no sweet goodbye  
Just empty feelings coupled with the wondering why  
What words we said or left unsaid  
Imagining what could have been or should have been

But here we are, we've come so far  
Must you and I say the same goodbye again?

No fond farewell, no sweet goodbye  
Just empty feelings coupled with the wondering why  
What words we said or left unsaid  
Imagining what could have been or should have been

But here we are, we've come so far  
Will you and I say the same goodbye again?
