

The World Is a Concerto/Make Your Own Kind of Music

Barbra Streisand

The world is made of music
Never ending symphonies of sound surround us
Miracles of melodies abound around us too
It's a musical world
It is a musical world, and the possibilities of making music are
Infinite. So with your kind indulgence and my kind permission we
Would like to present a premiere performance of a new work concerto
For voice and appliances...

The world is a concerto
Each day begins with music
In the air
The world is a concerto
Oh hear the music bubbling everywhere
The whole wide world is whistling
The heavens hum along
All blending in a never ending song
The world is a concerto
A song in which each singer has a part
A classical concerto
A rhapsody that's ringing through my heart
I feel the cleansing power
I tremble breathlessly
In keeping with the sweeping melody
So for me
Make your own kind of music
Sing your own special song
It's a musical world
It's a musical world
It's a musical world
