

# When I Dream

Barbra Streisand

When I dream  
In a world that has no time  
In a world that pays no mind  
to a heart such as mine  
I can be  
Out along the stars somewhere  
All alone without a care  
I can be anything  
When I dream

By myself  
All I want to do is find what  
It's all about  
I'm reaching out  
Knowing that there must be more  
I imagine when I dream  
What I've never known  
or felt before

(when I dream)  
I can turn reality  
Into anything I see  
All at once I am free  
I can be  
On the sky or on the ground  
Of the earth but not earthbound  
I can be anything  
When I dream

Thinking back it seems I've  
spent my life  
Sacrificing what I felt inside  
Never thought I could have in my life  
The dreams I have denied

When I dream  
I believe there's someone there  
Someone else with dreams to share  
Someone willing to care  
He could be  
Out among the stars somewhere  
Someone gentle, someone fair  
He could be anything  
When I dream

When I dream  
There's no possibility  
That I can't begin to see  
There's no voice telling me  
Not to be  
Out among the stars somewhere  
Feeling free, I'm free to dare  
And to be anything  
When I dream  
For beyond the fantasy  
and the harsh reality  
Suddenly I can see

We could be  
Out along the stars somewhere  
All alone without a care  
We could be anything  
When I dream  
oooooooooohh  
dreamin'...dreamin'....dreamin'  
ooh c'mon and dream
