Where Or When

Barbra Streisand

Sometimes you think you've lived before All that you live to day Things you do come back to you As if they knew the way Oh the tricks your mind can play It seems we stood and talked like this, before We looked at each other in the same way then But I can't remember where or when The clothes you're wearing are the close, you wore The smile you are smiling you were smiling then But I can't remember where or when Some things that happened for the first time Seem to be happening again And so it seems we have met before And laughed before, and loved before But who knows where or when
