

With One More Look at You

Barbra Streisand

With one more look at you
I could learn to tame the clouds
And let the sun shine through
Leave a troubled past and I might start anew
I'll solve the mysteries if you're the prize
Refresh these tired eyes
With one more look at you
I might overcome the anger
That I learned to know
Find a piece of mind I lost so long ago
Your gentle touch has made me strong again
And I belong again
For when you look at me
I'm everything and more that I had dreamed I'd be
My spirit feels a promise
I won't be alone
We'll love and live more
Love and live forever
With one more look at you
I'd learn to change the stars
And change our fortunes too
I'd have the constellations paint your portrait too
So all the world might share this wonderous sight
The world could end each night
With one more look at you
With one more look at you
I want one more look at you
