

# Without Your Love

Barbra Streisand

I look around and I can't speak  
I am in silence, and my world is hollow  
Pretending to be living there  
And maybe there was something between us  
I cannot see beyond your face  
What I am searching for is someone's shadow  
And in the forest of the night  
Am I unwise to let the story end

I would not hurt you  
I would could never  
Your dark became my night  
I would not walk one step without you ever  
I would not be alive today  
Without your love  
Along the way

You try one dive  
You pull out  
You should understand  
Your shooting from the heart when your dreaming

For one moment there is someone loving me  
And no one else can change that place and time  
You go through the motion  
But all your emotion is gone

You made me yours., I made you mine  
And if I make this promise I deliver  
Beneath it all I know  
That looking back I lived on your laughter  
And there were diamonds in the dust  
And there were moments we could never follow  
And in the morning rain  
I always told you at the closing of the day

I will not leave you  
I would never  
Your dark becomes my light  
I will not take one step without you ever  
I would not be alive today  
Without your love... Without your love  
Along the way...
