When Sorrows Fall

Stretch Arm Strong

It's okay for me to say i love you And it's okay for you to cry The sorrow that you are feeling you should not deny So why is it so trying to express the way i feel? Just one moment you steal Just one moment Just one Just one moment Just one Just one moment you steal (2x) I still care and i still feel Time and again It's all too real Separate and detached Myself i was running from all the pain i felt I was Questioning the way I am and the things with which i've dealt Somewhere in the foothills of my mind I know my ways just aren't right They're not right So i'll shrug it off and wear a grin I'll carry on and just pretend I still care I still feel Time and again It's all too real
