

## Blistered

Strife

Blistered by a raging sun's flames  
Mankind sealed its fate in its haste  
Warning signs sent time after time  
We just sit back in all this waste  
All this waste  
And I will not wait  
I'll climb from this place  
I'll climb to the truth  
To the truth  
Blackened skies poisoned ashes cried  
Mankind sealed its fate in it's haste  
Warning signs sent time after time  
We just sit back ignore the waste  
All the waste  
An I cannot wait  
I'll climb from this place  
I'll climb to the truth  
To the truth  
To the truth  
Looking to the skies I can see the ashes falling  
Looking to the shy I can see it all coming down  
I can never give up  
I can never give up my fights right  
I can never give out  
I can never give out because mine is right  
My fight is truth  
My fight is truth
