

# All the Way

Striker

Well look at you  
You tell me I can't live this way  
You'll never make it kid  
Just give it up today

Well that ain't gonna happen  
I'll never throw it all away  
I'm like a loaded shotgun  
So get the fuck out of my way

I never said it would be easy  
But I'm never gonna quit  
I never said I'd do the usual  
Do it for the fun of it  
So you can try and stop me  
But I bet you never will  
I'm on my way to the top  
While you're standing still

We've had enough  
This is the end  
Try to break us we won't bend  
No matter what  
Your way of life will never save me no

You always try and drag me down  
I won't let go  
And I'm coming back for more  
Save yourself  
Cause I'm gonna take it all  
All the way

Life is short enough  
I won't wait 'til it's too late  
I'm the master of my destiny  
I don't believe in fate  
Living for the danger  
Running on the red line  
One day you might catch me  
Living on top of the world

We've had enough  
This is the end  
Try to break us we won't bend  
No matter what  
Your way of life will never save me no

You always try and drag me down  
I won't let go  
And I'm coming back for more  
Save yourself  
Cause I'm gonna take it all  
All the way

We've had enough  
This is the end  
Try to break us we won't bend

No matter what  
Your way of life will never save me

You had it all  
You couldn't see  
Don't tell me  
What to believe  
Cause you know it's coming fast  
And we're gonna make it last

You always try and drag me down  
I won't let go  
And I'm coming back for more  
Save yourself  
Cause I'm gonna take it all  
All the way
