

## Forever

Striker

It's a part of my soul  
Like the air that I breath  
And I'll never return  
You and I were born to burn

Beyond your love  
Beyond your life  
Sound of the music will take you  
Don't look back  
Don't let go  
It will control you forever

Forever

No matter the time  
No matter the place  
It's always been there for me  
To set me free

Beyond your love  
Beyond your life  
Sound of the music will take you  
Don't look back  
Don't let go  
It will control you forever

Beyond your love  
Beyond your life  
Sound of the music will take you  
Don't look back  
Don't let go  
It will control you forever
