## **Do It Again**

You're instantly awake in my imagination Old-fashioned infatuation I can be anything that you want me to be And you can have me in every position that you dreamed

I know you've got a wild streak You're a freak You're alone In your bed With graphic images in your head

Let me do what I want to do with you Let me tie you down, pick you up And flip you all around Let me tell you how sexy you are As I'm goin' down on you in the car If feelin' this good is a sin Let's do it all over again Do it all over again Do it

Just when I thought this might get boring Wake me up in the morning by pouring Honey on my body and licking it off You're taking me to concerts And you're taking off your top

I know you've got a wild streak You're a freak Then you're back in our room With a bride and a groom

Let me do what I want to do with you Let me tie you down, pick you up And flip you all around Let me tell you how sexy you are As I'm goin' down on you in the car If feelin' this good is a sin Let's do it all over again Do it all over again Do it

Well, this is it This is great This is what I always wanted Where do we go from here? That's the question of the year I think you're fine I think you're hot This is what I always dreamed of The one thing I forgot Was to get to know you

You're instantly awake in my imagination Old-fashioned infatuation I can be anything that you want me to be And you can have me in every position that you dreamed
