

How Am I Gonna Know

Stroke 9

I keep going over what I said
How your eyes disguise your mouth
The most incredible blood red
But there's nothing coming out
There's just empty stares instead
And I don't know what its about
Thanks to all your silence...

How am I gonna know if you won't talk to me
And how am I gonna show you what you've got
If you won't look at me and now I know
This ain't what it's supposed to be
How am I gonna know if you won't talk to me

I used to hang on every word
That you never said
And it never occurred it was only in my head
The only voice I heard was mine
Saying everything is fine
It was hypnotizing...

How am I gonna know if you won' talk to me
And how am I gonna show you what you've got
If you won't look at me and now I know
This ain't what it's supposed to be
How am I gonna know if you won't talk to me
It's not fair to leave me here when I'm this wasted
It's not fair no I guess you were never there
